

Major Aspects of Injectable Nutrient Therapies

**1 DAY WORKSHOP •
SATURDAY 3 AUG 2024**

PARK HYATT MELBOURNE

EXPRESSION OF INTEREST

WORKSHOP FOR DOCTORS & NURSES

A practical full day workshop for doctors and nurses covering the major aspects of injectable nutrient therapies to treat a range of medical conditions. On completion, practitioners will have a practical understanding of IV nutrient therapy with a firm focus on safety and efficacy.

Covering major nutrients such as:

🎓 Sodium Ascorbate, B Vitamins, Vitamin D3, etc.

Panel discussions, including:

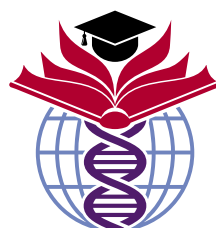

🎓 Clinical cases, medical literature, technical revisions, etc.

Instructional lectures:

🎓 How to set up an injectable nutrient clinic, registering as an authorised prescriber and understanding the regulatory framework for incorporating injectable nutrients in your practice.
